

Community and Social Responsibility Bulletin. Sept 2012

160 wheelchairs

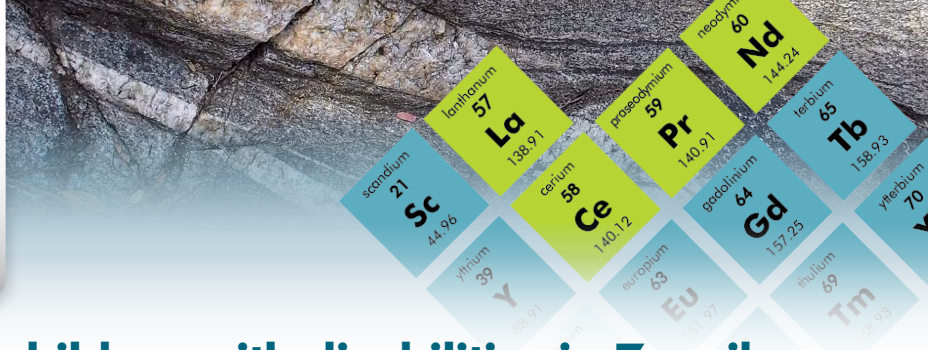

were shipped into Tanzania for distribution in Dar es Salaam, Zanzibar and the Morogoro region where Montero has its exploration project. 85 wheelchairs have been distributed to children living with disabilities, 30 handed over in Zanzibar and 55 in Dar es Salaam in September 2012 with the remainder to be distributed later this quarter.

The chairs are an improved design on the conventional wheelchair, have better maneuverability and are fully adjustable so can be fitted to each child's size and needs, therefore improving the quality of life for the children and their parents and guardians.
